ABOUT IMBIZO NETWORKING

The short version: Imbizo is a forum for small and micro business owners to meet and interact; gain knowledge; attain prospective clients and tell others about their business.

At Imbizo we believe the process of giving enables the opportunity for us to grow. The growth can be on any level: our business contacts can increase through meeting and talking with new people. We can become inspired to improve our business by implementing something gained from listening to one of Imbizo's insightful presentations. In much the same way, we can learn about tools, tips and techniques to make our business more efficient. Lastly, we can participate in growing the Imbizo community by bringing a friend or associate to the bi-monthly networking sessions and spreading the word about Imbizo.

In short, it's about relationship building.

GROUP FOCUS AND GOALS

The focus of the group is to extend relationship building and networking beyond the bi-monthly meetings and provide additional resources for active Imbizo members.
